

HASMA SHAIK

Full Stack Developer

Andhra Pradesh, India | +91 7993283458 | hasma200114@gmail.com | linkedin.com/in/hasma-shaik-a531b4280 | github.com/hasmashaik

PROFESSIONAL SUMMARY

- Full Stack Developer with experience designing and developing scalable web applications using React.js, Next.js, Java Spring Boot, Node.js, REST APIs, PostgreSQL, and MySQL.
- Skilled in building responsive user interfaces, developing backend services, integrating REST APIs, and managing relational databases.
- Proficient in AWS S3 cloud storage integration, Augmented Reality (AR) feature development, MVC architecture, CRUD operations, and Git-based version control.
- Strong problem-solving, debugging, and Agile collaboration skills, with a passion for delivering high-quality software solutions.

EXPERIENCE

IT Team Intern (Associate - Technology)

Advertflair Studio Private Limited, Chennai | Apr 2026 - Present

- Developed scalable web applications using React.js and Next.js with reusable UI components.
- Integrated REST APIs and PostgreSQL for dynamic data management.
- Implemented AWS S3 cloud storage for image and file uploads.
- Contributed to Augmented Reality (AR) features to enhance user interaction.
- Collaborated with UI/UX designers and backend developers in Agile development.
- Performed debugging, testing, and performance optimization of production applications.

Java Full Stack Developer Intern

Career School IT Solutions, Nellore | Jan 2025 - Nov 2025

- Developed REST APIs using Java Spring Boot and Node.js.
- Implemented CRUD operations using MySQL and PostgreSQL databases.
- Designed backend architecture following the MVC pattern.
- Integrated React.js frontend with backend APIs.
- Tested APIs using Postman and managed source code using Git.

PROJECTS

3D AR Product Viewer | React.js, React Router, QR Code, WebXR

- Developed an interactive React.js application for viewing and exploring 3D GLB models with zoom and rotation controls.
- Integrated Augmented Reality (AR) functionality to place 3D models in real-world environments on supported mobile devices.
- Implemented QR code generation for seamless mobile access to the AR experience.
- Built a responsive component-based interface using React Router and reusable React components.

E-Commerce Web Application | Java, Spring Boot, MySQL, Bootstrap

- Built a full-stack shopping platform featuring product catalog, shopping cart, and order management.
- Developed RESTful APIs using Spring Boot for product, cart, user, and order management.
- Integrated MySQL with Spring Data JPA to implement secure CRUD operations and persistent data storage.
- Designed a responsive frontend using HTML, Bootstrap, and JavaScript with backend API integration.

Real-Time Activity Tracker | Node.js, Express.js, Socket.io, WebSockets

- Developed a real-time monitoring system using Node.js and Socket.io for instant event synchronization.
- Implemented WebSocket-based communication to broadcast user activities and system events in real time.
- Built REST APIs for activity logging, retrieval, and historical event tracking.
- Optimized event handling to support multiple concurrent users with low-latency communication.

TECHNICAL SKILLS

Frontend: React.js, Next.js, HTML5, CSS3, JavaScript, Bootstrap

Backend: Java, Spring Boot, Node.js, Express.js, REST APIs

Database: PostgreSQL (Neon), MySQL, MongoDB

Cloud: AWS EC2, AWS S3, Firebase, Render

Tools: Git, GitHub, Postman, VS Code, Eclipse, STS, pgAdmin

Other: MVC Architecture, CRUD Operations, Augmented Reality (AR), Responsive Design

EDUCATION

Krishna Degree College (VSU) - B.Sc. Computer Science | CGPA: 9.1 | 2022

Sri Chaitanya Junior College - Intermediate (MPC) | CGPA: 9.4 | 2019

CERTIFICATIONS

- Java Full Stack Development - Career School IT Solutions
- Certified Java - HackerRank
- Certified SQL - HackerRank

Languages: English, Telugu, Hindi
